### **10.1 Investment Rules**

The Trust aims to achieve its stated investment objectives per unit portfolio in line with the investment prohibitions and restrictions as set out in the Securities (Collective Investment Schemes and Closed-end Trusts) Regulations 2008, as contained in the Trust Deed.

These investment rules ensure risk exposure to, amongst other things, securities on a stock exchange, units of other collective investment schemes, interest rates, concentration risk, derivative risk, foreign investment risk, investment in illiquid securities risk are monitored and managed within the limits set. Diversification of risk is ensured by implementing investment limits.

The value of investments and the income from them, and therefore the value of, and income from, units relating to each unit portfolio can go down as well as up and an investor may not get back the amount he or she invests. Changes in exchange rates between currencies or the conversion from one currency to another may also cause the value of the investment to diminish or increase. An investor who sells his units after a short period may, not realise the amount originally invested.

Accordingly, because at any one time there may be a difference between the sale and purchase price of units any investment in the Trust should be viewed as medium to long term.

#### **10.9 Performance**

The Trust is to be established and has no information on the performance of the collective investment scheme.

Any past performance of the collective investment scheme will not be indicative of future performance of the scheme.

#### **10.10 Tax Status of the Trust**

As the Trust is domiciled in Mauritius, it falls under the tax laws of Mauritius. As all the income may be distributed, the Trust does not attract any income taxes. Unit holders are cautioned that their particular tax position will depend on a number of circumstances and investors should consult their professional advisers on the possible tax and other consequences of their subscribing for, purchasing, holding, selling or redeeming units under the laws of their country of incorporation, establishment, citizenship, residence or

domicile.

The trustee shall ensure that instructions given to it by the manager, as to the exercise of voting rights attaching to the underlying securities held by the Trust on behalf of the unit holder, are carried out in a manner considered by the manager to be in the best interests of the unit holders.

### **12. CONTRACTUAL PLANS**

#### **12.1 Minimum number of units that may be purchased**

The minimum number of units that may be purchased in the Haussmann Rech Global Equity Multi Manager Fund shall be that number having a value of not less than US\$5,000.00 (five thousand US Dollars), or a

lump sum investment or US\$500.00 (five hundred US Dollars) per month. This amount may be varied at the discretion of the manager:

The minimum holding in units after a redemption request shall be 500 units.

The minimum number of units for a redemption or switch shall be 100 units.

The Haussman Rech Global Equity Multi Manager Fund must receive a minimum subscription of 5% of the total amount of US\$2,000,000.00 (two million US Dollars) from investors so as to begin operating the unit portfolio.

In the event that the minimum market value of each unit portfolio is not reached during the first 6 (six) months of the date of commencement, the funds shall be returned to investors together with any interest earned thereon, unless an extension is granted by the Commission to the Trust.

Funds collected from investors will be pooled in a bank account in Mauritius and all redemptions and subscription payments will be paid from this account. The funds for each unit portfolio will be kept distinct and separate from the other unit portfolios.

### **13. NET ASSET VALUE**

#### **13.1 Net Asset Value and Sale Price of Unit**

Unless units are offered at a fixed price, the manager must issue units in a unit portfolio at the net asset value price per unit, which price is calculated on the date on which any unit is issued or the previous date, whichever is consistently applied, according to the formula –

$$\frac{A + B + C + D}{E}$$

E

Where:

- A = the total market value of the assets in the unit portfolio, excluding the income accruals and payments referred to in B, on the last valuation point determined by the manager on the last pricing date, which valuation point may not be more than 24 hours prior to or after such date, excluding weekends and public holidays;
- B = the net income value of the unit portfolio being the total of all income accruals and payments received in lieu of income accruals in distributing unit portfolios from the creation of new units in the unit portfolio, credited to the income account during the relevant accounting period up to the said date, but excluding undistributed income accruals and payments in lieu of income accruals; and permissible deductions for the relevant accounting period;
- C = an amount determined by the manager, calculated as a percentage of the market value of the total assets of the unit portfolio (including income accrued to date), to cover the compulsory charges which would have become payable in respect of the acquisition of all the underlying securities comprising the unit portfolio on the said date if such securities had been acquired for the unit portfolio on the said date;
- D = the initial charge, if any, payable in terms of the Trust Deed in respect of all the units in issue in the unit portfolio on the said date; and

E = the total number of units in issue in the unit portfolio on the pricing date.

The net asset value price per unit shall be the total price payable and no further liability can be imposed on an investor in respect of such units.

### **13.2 Dealing and Valuation Days**

Units in the unit portfolio can be sold, issued, repurchased or cancelled on any business day at the price per unit on a forward basis, which price shall be calculated at the close of business on that day.

### **13.3 Publication of Price**

Publication of the net asset value price per unit shall be made once in every week in a daily newspaper of national circulation.

## **14. PURCHASES AND REDEMPTIONS**

### **14.1 Notice to Repurchase**

An investor who wishes to sell his or her units may, by notice in writing to the manager or its duly authorised agent, require the manager to repurchase all or any of such units. No notice requiring the manager to repurchase a unit is valid unless the investor delivers to the manager or its authorised agent, the certificate, if any, representing the units offered for repurchase or, at the option of the manager, produced such evidence of his or her title to the unit to be sold as the manager may consider sufficient.

An instrument of transfer must accompany the notice and such other necessary documents referred to in the Trust Deed. If the repurchase price is not paid to the investor on delivery of the documents to the manager, the investor must be issued with a receipt for such documents.

### **14.2 Repurchase Price**

The repurchase price per unit payable by the manager must be the NAV amount determined at the time when the notice to repurchase was received by the manager.

### **14.3 Date of Payment of Repurchase Price**

Payment in respect of an offer for the repurchase of a unit must be made to the holder of such unit within no later than 21 (twenty one) days of the receipt of such offer.

The price of subscription must be fully paid up before the Trust can act on the order to purchase units of the collective investment scheme. The manager is not allowed to give credit to participants or potential participants.

### **14.4 Suspension of repurchase of units**

A manager may, in its discretion, suspend the repurchase of units in a unit portfolio, under the following circumstances:

- (a) During a period in which any recognised stock exchange on which securities in any unit portfolio are

listed is closed, other than for weekends or holidays;

- (b) The disposal by the manager of the underlying securities is not reasonably practicable and/or is not in the interests of investors; or
- (c) The trustee is satisfied that it is not reasonably practicable to determine the market value of the underlying securities.

If the repurchase of a unit is suspended, the manager shall:

- (a) notify the Commission of such suspension stating the reason for the suspension and how it shall be dealt with; and
- (b) notify the investors concerned by way of reasonable means.

The suspension of repurchase of such units shall cease as soon as practicable after the manager is able to calculate a price and settle with the investors concerned, but in any event not later than 30 (thirty) days from the commencement of the said suspension.

#### **14.5 Compulsory Repurchase of units**

The manager shall have the right to require a compulsory repurchase of all or some of the units, held by or for the benefit of an investor, if the manager determines in his absolute discretion that such units are held by or for the benefit of an investor who is a resident of Mauritius, or where such repurchase would be in the best interests of the Trust and/or the relevant investor or where the balance of units held falls below the minimum holding of units after a redemption request as set out in this Prospectus and the Supplemental Trust Deed.

### **15. MANAGEMENT FEES AND OTHER FEES AND CHARGES**

The Trust fees and charges payable by the Trust are as follows:

#### **15.1 Initial Charge**

The amount of the initial charge to be included in the sale price of a unit shall not exceed 5% or such higher maximum percentage as the Commission may allow on the application of the manager. Nothing herein contained shall preclude the manager from reducing the initial charge in respect of certain investments in a unit portfolio, applying a scale of charges to varying sizes of investments or varying the charge for conversions of units from one unit portfolio to another within the collective investment scheme created by this Trust Deed. The initial charge may be used in part to remunerate authorised agents introducing business to the unit portfolio.

#### **15.2 Manager's Charge**

The manager's charge applicable to the unit portfolio shall be calculated daily at a rate not exceeding 2% per annum (or such higher maximum percentage as the Commission may allow on the application of the manager) of the daily market value of the total assets of that unit portfolio including income accrued to date. The amount accrued on account of the manager's charge shall be paid to the manager from the income account as soon as practicable after the end of each calendar month.

Unless otherwise prescribed by the Commission, the following amounts may be deducted from a unit portfolio:

- (a) compulsory charges payable on the buying and selling of assets for the unit portfolio such as commission, taxes or stamp duties;
- (b) auditors' fees, bank charges, trustee and custodian fees, administration fees and other levies or taxes;
- (c) any legal and other professional fees in connection with the Trust;
- (d) costs incurred in respect of meetings of investors and trustee;
- (e) all costs reasonably incurred in respect of the publication of prices of units and in respect of the publication and distribution of the annual reports and accounts and of marketing documents relating to the unit portfolio;
- (f) all costs incurred in the set-up of the unit trust scheme and the unit portfolios created thereunder, which can be amortised over a period determined by the manager and the trustee, which period shall not exceed the first 10 (ten) accounting periods; and
- (g) any insurance or other general expenses arising in the normal course of business.

### **15.3 Exit Charge**

The manager may charge an exit fee. In the event an exit fee is levied, this fee will apply to all amounts withdrawn from the unit portfolio within 12 (twelve) months from date of first investment in the unit portfolio, and will be calculated as a percentage (excluding taxes) of the net asset value of all amounts so withdrawn.

## **PART VI - GENERAL**

### **16. DOCUMENTS AVAILABLE FOR INSPECTION**

A copy of the Trust Deed is available during normal business hours by the manager or the trustee at their respective head offices for the inspection by an investor or a prospective purchaser of a unit. Any investor is entitled to receive from the manager a copy of this Trust Deed on production of his or her certificate or other acceptable evidence of his or her holding, upon request to the manager and on payment to the manager of such amount as the manager may require for each copy of the Trust Deed.

### **17. LISTING**

The Trust does not intend to list on any stock exchange.

### **18. WINDING UP**

#### **18.1 Trust Duration**

The duration of the Trust is 99 years from the date of its coming into existence, or until it is wound up, whichever is the earlier date.

Despite that the Trust duration is limited to 99 years, the Trustees are authorised to settle a new trust to continue the scheme after expiry of the Trust.

### **18.2 Winding -up**

The manager may at any time, after consultation with the trustee/custodian and on written application to the Commission and subject to such terms and conditions as the Commission may determine, wind up such unit portfolio: Provided that at least three months' notice in writing must be given to investors of such winding up.

Despite the duration period of the Trust, the manager may, in its unrestricted discretion, wind up a unit portfolio. However:

- (a) any competent division of the Supreme Court of Mauritius may on application by the manager, order a unit portfolio to be wound up if the Court is satisfied that to do so would not be prejudicial to the interests of the investors concerned;
- (b) the Commission may require the manager or the trustee, as the case may be, to wind up a unit portfolio if the Commission is of the opinion after a proper inspection has been made, that the interests of the investors or of the public at large so require.

From the date of the manager's decision to wind up a unit portfolio in terms of this clause, or from the date of any order of Court made or from the date of the receipt of the request from the Commission requiring the underlying securities to be realised, the manager shall cease to issue new units in such unit portfolio.

A decision to wind up all the unit portfolios shall be deemed to be a decision to wind up the Trust, and vice versa.

### **18.3 Realisation and Proceeds of Realization**

On the winding up of a unit portfolio, the manager shall realise all the underlying securities comprising such unit portfolio as expeditiously as possible having regard to the interests of the investors, but shall incur no liability because of the exercise of its discretion as to the time of realisation of any security.

### **18.4 Proceeds of Realization**

The net proceeds of the realisation of the relevant securities in the event of a unit portfolio being wound up shall be deposited in a trust account controlled by the trustee, and shall under the control and supervision of the trustee be distributed by the manager among the investors concerned and the manager in proportion to their respective interests therein.
